

MERITOR REMANUFACTURED CALIPER PRODUCT UPDATE

Knorr Calipers

At Meritor we work hard to ensure that we are constantly improving our remanufactured product range. This note is intended to inform you of our latest changes and improvements:

Range Additions

We are pleased to announce the launch of remanufactured versions of the following calipers:

MXC09102019 = Meritor remanufactured Knorr S6 caliper for MAN truck and bus. Similar to MXC09102001 & MXC09102017 but fitted with special potentiometer for MAN applications only.

MXC09102020 = Meritor remanufactured Knorr S6 caliper for MAN truck and bus. Similar to MXC09102002 & MXC09102018 but fitted with special potentiometer for MAN applications only.

MXC09103125 = Meritor remanufactured Knorr S7 caliper for Scania bus. Similar to MXC09103123 but with 'double bellows' sealing for harsh applications. See 'Double Bellows' explanation below.

MXC09103126 = Meritor remanufactured Knorr S7 caliper for Scania bus. Similar to MXC09103124 but with 'double bellows' sealing for harsh applications. See 'Double Bellows' explanation below.

MXC09103201 = Meritor remanufactured Knorr S7 radial caliper for MAN bus. Similar to MXC09103053 but fitted with a special potentiometer for MAN applications.

MXC09103202 = Meritor remanufactured Knorr S7 radial caliper for MAN bus. Similar to MXC09103054 but fitted with a special potentiometer for MAN applications.

MXC09103203 = Meritor remanufactured Knorr S7 caliper for MAN & Neoplan bus. Similar to MXC09103153 but with 'double bellows' sealing for harsh applications. See 'Double Bellows' explanation below.

MXC09103204 = Meritor remanufactured Knorr S7 caliper for MAN & Neoplan bus. Similar to MXC09103154 but with 'double bellows' sealing for harsh applications. See 'Double Bellows' explanation below.

REMANUFACTURED CALIPER PRODUCT UPDATE

'DOUBLE BELLOWS' KNORR CALIPERS

Certain applications designed to operate in tough conditions or with harsh duty cycles are being fitted with Knorr calipers that have increased levels of sealing – we refer to this as 'Double Bellows'. These calipers can easily be identified by inspection of the sealing on the guide pins:

For performance and reliability reasons, it is important to purchase and supply the correct caliper for the application.

Please also note that axial calipers with single and double bellows have different core surcharge groups. To ensure that we are able to have the correct mix of core to provide good product availability you should buy only 'double bellows' types to replace 'double bellows' and only 'single bellows' to replace 'single bellows' types. The part numbers:

Single Bellows Version	Surcharge Group	Double Bellows Version	Surcharge Group
MXC09103123	MCC211	MXC09103125	MCC230
MXC09103124	MCC211	MXC09103126	MCC230
MXC09103153	MCC211	MXC09103203	MCC230
MXC09103154	MCC211	MXC09103204	MCC230
